

FAMILY UPDATE 1/5/2023

Hello Spectacular SAMS Families,

Welcome back from your much deserved Winter Break! We are so excited to be starting the second half of the school year... not the way we had hoped and planned to start, but hopefully getting off on the right foot, nonetheless.

Classes for students began today and the **progress goal** for this week is 2%! Click [HERE](#) to see the **Course Progress Expectations** for the second semester. The first page is for student's 6th-11th grades and the second page is for our 2023 seniors!

We are still on track for our in-person learning to begin on January 23rd but that doesn't mean learning is delayed... Edgenuity courses are open right now and students should be making progress each and every day. Make sure you are working 25-35 hours per week! If we see you are not working in Edgenuity, you will be counted absent. Please make sure your work is getting done!
